

EBF statement on the Juncker Commission

The new composition of the European Commission, as presented by Commission President-elect Jean-Claude Juncker earlier today, makes it clear that restoring the European economy indeed will be a key priority for the Juncker team. Growth and jobs rightfully deserve to be at the heart of the EU's policy agenda.

As European Banking Federation we particularly welcome the integrated composition of the new European Commission and look forward to supporting a speedy return to a healthy European economy.
